BrassTones™

Genuine brass and solid stone, beautifully blended in BrassTones.

Our unique Dish Accents have basins made of durable, richly stained cast stone. Each is adorned by a charming, original Brass Baron sculpture. The delicate detail and heirloom quality of bronze fuses perfectly with these premium cast stone dishes, in two sizes and colors. Dish Accents are ideal as petite ground birdbaths or as eye catching décor for deck, balcony, porch, patio or garden.
